

1. Create a piano score with a half-note pickup measure (*control-n/⌘-n*).
2. Click on first measure to delete, then *shift-click* on last, then *ctrl-delete*.
2. Select menu option View⇒Note Colors⇒Voice Colors.
3. Click on pickup measure of top staff and type:

4. Enter lower voice on top staff: First click on pickup measure, then **n** to start note entry then alt-2 (option-2 on mac) for layer-2 entry.

5. Add the top voice on the bottom staff (stems will flip later):

6. Add the bottom voice on the bottom staff in second layer:

7. Change the style of the ending barline to two thin lines: click on barline, then select menu option Create⇒Barline⇒Double.
8. For slurs, click on first note to be slurred, and then type **s** to create a slur to the next note.
